2015mm(w) x 2020mm(h) - @100% Scale
503.75mm(w) x 505mm(h) - @25% Scale

FINISHED SIZE:
1995mm(w) x 2000mm(h) - Each Lightbox

VISIBLE GRAPHIC SIZE:
1995mm(w) x 2000mm(h) - Each Lightbox

Do not add bleed or crop marks to the template

Please keep all text, logos and critical design elements inside the safe area (Green Keyline) & ensure background colours/images bleed to the edge of the art board.

Please note: We do not recommend running artwork over multiple frames*.

* We can't guarantee when the artwork is printed, finished and built that the text and images will be 100% aligned. This is due to the nature of the product where the fabric is hemmed, fitted into the frame of each panel and could be stretched when built, resulting in misalignment of the artwork.

GENERAL GUIDELINES
- CMYK colour profile
- Convert Pantone colours to CMYK.
- Do not supply RGB images.
- Ensure all images/placed items are linked within
  the document and that all layers have been flattened.
- Resolution must be 300 dpi at 25% of output size.
- All fonts must be converted to outlines.
- Please supply artwork as PDF or Illustrator EPS files.

THIS TEMPLATE
- Is supplied at full size - including bleed.
- Safe zone is indicated by the green key line - keep all
- important information/artwork elements in this area.
- Visible graphic area is indicated by the pink keyline.
- Artwork placed after the pink keyline will not be seen
- as this area is hemmed and fits into the frame
