Moulded handle for easy deployment and transportation

Double sided pavement sign with optional poster prints

DETAILS:

The SIGNAL Double Sided Folding A Board Street Sign is an outdoor advertising sign that stands at 1135mm when in use.

The double-sided poster display sign can hold two graphics 610mm x 914mm that are covered by a PET anti-glare, protective poster cover making it ideal for outdoor use.

Manufactured from durable and hardwearing plastic material in a black finish.

There is no need for water or sand, this A-Board Sign is specifically built for outdoor use with two high-grade hinges that hold the pavement sign in the A-Frame position for maximum stability.

The outdoor display sign frame folds flat for easy storage and features an integrated wheel system on the base making it easy to deploy without the need for heavy lifting.

Supplied with the choice of printed poster or without.
