Optional hand sanitiser add on

Includes PPE glove dispenser box

DETAILS:

The Standard Floor Standing Hand Sanitiser Dispenser also features a disposable PPE glove dispenser box and an A4 poster frame at the top which can be used to communicate safety and hygiene rules.

Designed for use in close contact environments such as hairdressers, beauty therapists, dentists, as well as doctors, hospitals, NHS medical centers, and examination rooms.

The freestanding hygiene stand dispenses protective PPE equipment quickly and easily with minimal hassle.

Supplied in a white powder-coated finish. The A4 poster snap frame can be used to communicate your safety and hygiene instructions to both customers and employees or to display a NHS Track and Trace QR code. Add a customised logo or message to the lip of the display for extra impact. Please note this is not included.
