

# TENSA MAXI WALL RETRACTING BELT BARRIER

Wall Mounted Unit

Perfect for limiting access to areas without taking up floor space. Features 7.7m or 9m of retractable webbing. Ideal for a variety of applications.

## FEATURES & BENEFITS

- The maxi wall unit features a Tensabarrier® cassette which is encased in a black hard wearing plastic body with coloured end caps - stainless steel option available.
- An internal steel frame provides added strength and durability whilst also protecting the components inside.
- The unit can be easily installed onto a variety of surfaces to suit different applications.
- Safest barrier on the market- our cassettes have a unique braking system for slower webbing retraction.

## APPLICATIONS

- Eliminate unsafe working conditions by clearly defining routes.
- Restrict access to dangerous areas.
- Limit pedestrian access to out of service areas.
- Use to identify hazards before they cause harm.
- Ideal for a variety of applications.
